#2 of 6:

To encourage living by the Golden Rule

President's Message

Wow, are we hot! I am not just talking about the temperature outside. We have been knocking out projects right and left. The July 4th Pancake Feed in Julia Davis Park was a great time. Although the Gem State Club's main fundraiser, Kiwanians from many of the local clubs were eating and/or helping. It was neat not to be segregated into clubs—we were just Kiwanians working together. Put it on your calendar for next year. You won't regret it!

Another very fun project that came our way is the building of a playhouse to help raise money for Wishing Star, an organization that helps children with serious or life threatening diseases or injuries. We are teaming up with a "Command College" class to build this. The playhouse must be finished and ready for auction by the fair in August (Aug 17th), so we need to really pull together and get this done. There will be everything from hanging walls to hanging drapes, so everyone can help. Please contact member Tina Perkins at 573-7801 for details of how you can help. For those new members who need a project in order to get rid of the ugly yellow badge, this would be a good one for you.

I know I sound like a broken record, but I am continually amazed at how great this club is and how proud and honored I am to be your president. —President Angie
