President's Message

We have had several good projects with lots of help from our members. With summer here I am very pleased to see the turnout at our regular Friday meetings. For all of you that have gone on vacation I hope it was very enjoyable. For those of you that are getting ready to go, have a wonderful time.

Schools will be starting again soon and so will our sponsored youth clubs (K-Kids, Builders Club, and Key Club). We will be looking for volunteers for the clubs. This is a very worthwhile thing to do with minimal time commitment, so give it some thought. See you all on Fridays.
