President's Message

Spring is just around the corner and you can feel the energy in the club to get started on projects. We will help BUGS (Boise Urban Garden School) get their garden ready for planting, so bring your rakes, shovels and rototillers. BUGS teaches kids patience, responsibility, and empowers them to make their world a better place. Isn't that what Kiwanis is all about? Members who have told me you like to get your hands dirty, here's your chance. We also host our second Senior Luncheon this month—always a very rewarding experience. Take the time to spend your lunch with these wonderful people. You won't regret it. Talking about Spring, we are looking into another "field trip" instead of meeting at the Powerhouse some Friday, such as the Idaho Botanical Garden. We could enjoy the beautiful day and the fruits of the club's hard labor last year. All sorts of fun events coming our way. What a wonderful club!!
—President Angie
