## President's Message

Hello fellow Capital City Kiwanians! As we begin my term as President of this fine club, I am honored, nervous and excited about my new position. I learned a few things about leading this club from my term on the board and as a long-time member:  
 Rule #1: If it ain't broke, don't fix it.  
 Rule #2: Have Fun.

As I take over the Presidency from Angie this year, the club is in great shape and very busy. I intend to keep it that way. One of my goals this year is to grow the club from within...we need the support of our families to maintain a strong working and successful club. I encourage you to bring your family members to our meetings and projects.

Some of our members have renewed their committee chair responsibilities for the upcoming year, providing a smooth transition and experience for the upcoming year.

I welcome your ideas and comments this year, and thank you all in advance for your volunteer hours and commitment to your community. I look forward to keeping the rudder pointed in the right direction and having a great time.

--President Norm
