#3 of 6:

To promote higher social, business, and professional standards

President's Message

Well here it is, my very last message to all of you. I am at a loss for words. There is nothing I can say to do the justice that all of your hard work and commitment to this club deserves. Time after time I have asked you to step up to the plate, and you have, each and every time. So for the last time of my reign, I am asking this one last time.

September is going to be a rough month to get through. Fun...but very, very, busy. For those of you who normally don't get involved in projects, please see if one of the many events in September will fit into your schedule. We really need everyone who is able to help out. If you are not able to make it to the meetings for info about the different events, please contact me or Jeremy Parkinson and we will get this information to you.

Being your president this last year has been one of the most rewarding experiences in my life. It is with bittersweet feelings that I hand my crown off to Norm. I hate to give this position up, however I am exited for another person to be able to experience what I have. Thank you from the bottom of my heart for your friendship, your compassion, and your commitment to Kiwanis.

—President Angie
